In the early morning, buses roll along the highway, picking up students. Again, in the evenings, yellow buses take them home. The Bus Drivers play a vital role in our image, for without the students, there would be no school.

Trying to feed 1200 students, and suit each one, becomes the task of our Cafeteria Staff. With government commodities, cooking balanced meals is a job. This year pizza has been added to our menus.

At the end of a long, weary day, the Custodians clean away the dusty prints, of feet, and students.

Without our helpers, D.H.S. couldn't present an image, and we say "thank you".
